PLANS COMPLETED FOR OLD FASHIONED DAYS PARADE

POLITICS TOP IKE MEETING WITH PRESS

By DOUGLAS B. CORNELL
Washington (AP)—President Eisenhower said today he does not regard as entirely wise the constitutional amendment that bars a third presidential term.

Eisenhower, making no attempt to apply his remarks to his own case, said he believes that by and large the people should be able to choose as president anybody they want, regardless of the number of terms.

He told a news conference that there have been objections that this might concentrate power in one individual. But he said he has the utmost confidence in the long-range judgment of the American people.

Most of his meeting with reporters was devoted, as can be expected these days, to politics. There were a few questions on domestic and foreign policy sprinkled in.

Eisenhower, under questioning said he likes campaigning—that he likes to get out and see the people instead of just getting reports.

And, he said, he is on the road of truth and facts—not on the high road or low road.

This was an obvious jab at Democratic opponents who have been accusing the GOP of taking the low road at times during the 1956 political war.

The President said that Vice President Nixon, when discussing the campaign with him yesterday, didn't specify the Republican strong and weak points. He said Nixon told him the whole picture was most encouraging.

Nixon Swings Hard at Stevenson Draft Talks

Washington (AP)—Vice President Nixon has again swung hard at Adlai Stevenson's expressed hopes for ending the draft, saying the Republicans will not "hold out any false hopes" of such action.

Nixon said he thinks Stevenson is "a well intentioned man," but contended the Democratic candidate lacks the background and judgment of President Eisenhower in matters involving threats to peace and freedom.

Stevenson has said the draft should be ended "at the earliest possible moment consistent with the national safety."

On a nationwide television interview last night, Nixon said Republicans would like to be able to promise that compulsory military service could soon be abolished without impairing national safety. But he said they would "not kid the America people in an election year . . . when we know there is no chance at this particular time for it to happen."

Russell Firemen Making Plans To Sponsor Ambulance Service

Nearly 100 persons from Russell, Akeley, Scandia and Lander gathered in the Russell fire hall last evening for discussion of the vital topic of ambulance service for their area.

Russell Department President Vincent Finzer conducted the session, explaining it had been voted at a special session to purchase the Lutz-VerMilyea ambulance of Warren and plans were already under way for financing its cost of \$3,400.

Questions were answered by Mr. Finzer, Fire Chief Charles Miller, Civil Defense Director Claude Porriego, Treasurer Charles Fox, W. E. Lutz and J. A. VerMilyea of Warren.

After a lengthy discussion it was decided to charge a \$3 membership fee, with service available to anyone residing in Pine Grove, Farmington and Elk townships,

Early Morning Refinery Fire Attracts Many

When the first dull "whoom" brought many East Siders out from beneath the warm covers at approximately 12:30 a. m. and was followed immediately by the distinctive wail associated with the United Refining Company plant, a good share of the population was on its way to Glade.

Among early arrivals on the scene were Youngville and Clarendon fire apparatus and companies, and the various Civil Defense units. Auxiliary Police took their stations where directed, to aid with the mounting traffic problems. Rescue Division personnel was on hand, and the CD Fire Control equipment rolled up to the scene.

Even in a community where oil fires have long been an old story, most frequently heard comment as the foamite was applied was a sincere tribute to the firemen "who really know their job."

At noon company officials stated the cause of the explosion had not been determined. Damage was restricted to tankage and piping in the rundown tank area.

The Warren Fire Department responded with four pieces of equipment and, assisted by men and equipment from the Clarendon and Youngville Volunteer Fire Companies and refinery employees, had the fire under control.

PEP RALLY BEING HELD HERE TODAY

Most Warren High School students were enjoying an entirely new experience today, when the first public pep assembly in many moons was held at 2:00 p. m. in the business section to celebrate the Meadville-Warren Homecoming game on Saturday.

Led by the Dragon Band and the Blue and White cheerleaders' corps, students marched from the high school to Liberty street and Second avenue, where the rally was staged. Traditional ending was the Alma Mater and the familiar "See you at the game."

Record Sports Car Rally Will Be Held Sunday

Those in charge announce plans complete for the annual Red Leaf Rally to be held here Sunday sponsored by the Auto Sports Car Club of Warren.

Latest information states that 200 entries have been received with new reservations being received hourly. The starting time will be from Wilder Field at twelve o'clock (EST). Beginning at that hour cars will be going out of the field at the rate of one every thirty seconds. Sid Blackman, Jr., and "Bank" Dahl will take turns in charge of this important assignment. Cars will start marshaling at the field before nine o'clock Sunday, coming from many distant states including Ohio, Illinois, Kentucky, New York, Canada and of course Pennsylvania.

Twenty people actually will be involved in checking points, with the aid of the local Amateur Radio Club.

The Marconi Club will be the finishing point for the rally, with a dinner being served starting at five o'clock. During the evening trophies will be presented. Plans are being made to serve between 250 and 400.

It is conceded by all concerned that this will be the largest Sports Car rally ever held in the United States.

LEADER TO JOIN ADLAI
Harrisburg, (AP)—Gov. Leader today accepted an invitation to join Adlai Stevenson, the Democratic presidential candidate, on his two-day campaign tour of California next week. The governor's office said Leader will fly to the Pacific Coast for the Oct. 11-12 appearance.

Warren's 1956 Community Chest "Red Feather" campaign for \$66,500 which opens officially on Monday, October 15, gets underway in the Industrial Division Monday, October 8, one week in advance of the general campaign.

Seek Amicable Settlement of Canal Dispute

United Nations, N. Y., (AP)—The foreign ministers of the Big Three Western powers made a last-minute effort today to agree on a common front in the U. N. Suez debate.

Amid growing reports of Western differences, Secretary of State Dulles flew to New York for a conference with British Foreign Secretary Selwyn Lloyd and French Foreign Minister Christian Pineau before the Security Council meeting at 2 p. m. EST.

Dulles declared in a speech last night that the Suez session "in many respects will be the most momentous" the Security Council has ever held.

Baby Kidnaped in Chicago Home Is Located Unharmed

Chicago, (AP)—Police said that a month-old baby who was kidnaped from his crib last night was found unharmed today.

Police, investigating information received in a telephone call, took the baby and a young woman to confront the child's mother.

The baby's mother, Mrs. Lois Bucher, 21, told police she had met the woman, described as about 22 and an expectant mother, in a store near her Southwest Side home yesterday afternoon.

She said the woman, a stranger, admitted her baby, Ronald Joseph, and expressed the hope hers would be as beautiful. When the woman told her she was feeling ill Mrs. Bucher invited her to her home "to rest until you feel better."

Mrs. Bucher told police the woman told her her name was "Gladys" and she lived in suburban Cicero. She added the woman confided she didn't want the baby she was expecting because "my husband drinks and runs around with women."

The defendant said yesterday under questioning by the defense attorney Marks, that he had saved his money from numerous jobs since high school and had "\$5,000 to \$7,000, \$8,000, \$10,000" in an El Verso cigar box in his desk drawer.

This morning the DA asked Swartz the denomination of the bills and the suspect answered the cash was all in bills smaller than \$50 denomination and the money was lying loose in the box. Swartz said the money was in \$1, \$5, \$10 and \$20 denominations.

Testimony in this morning's session was largely restricted to a rehearsal of Swartz's previous testimony about his whereabouts the day before, the day of and the day after the crime.

At one point the prosecution maintained from previous testimony that Swartz had asked to have a wrecked Pontiac ready to be picked up at Easter time. The garage man testified to this and said that Swartz had come in for the car but the garage would not let it go without the cash.

It has since been entered in testimony that the day after the robbery, Swartz took the license plate from a green, 1951 Plymouth he owned and transferred it to the Pontiac which was taken out of the garage on August 19, 1955, the day after the robbery.

Swartz maintains the reason the Pontiac was taken out of the garage was to pay off two bouncing checks.

Summations by Prosecution And Defense To Be Followed By Charge by Presiding Judge

A verdict in the case of the Commonwealth versus Joseph Stuart Swartz, Tidioute bank holdup suspect, appeared likely later today as both defense and prosecution all but wound up their questioning of the accused before court recessed at noon.

Summations will probably be given by prosecution and defense attorneys this afternoon and the case will then go to the jury after it is charged by presiding Judge Alexander C. Flick, Jr.

District Attorney Myer Kornreich buttressed his case against the 23-year-old trucking and grading contractor from West Middlesex this morning when he extracted testimony from Swartz that following the August 18, 1955 holdup, of the Tidioute Branch of the Warren National Bank, the defendant spent a grand total of \$12,109.45 in the next seven months.

During part of the same period, the prosecution also brought out that Swartz's loan obligations were costing him in the neighborhood of \$940 a month. Swartz had previously agreed that his 1954 and 1955 income tax forms both showed a loss for the respective years.

Defense Attorney Benjamin Marks offered his strongest evidence in the case late yesterday when he introduced as final defense exhibits two gas slips dated August 18, 1955, date of the holdup. According to Swartz the two yellow cash receipts were obtained by him as he drove to Grampian Pa., to pay off two bouncing checks.

Defense contends that after estimating a grading job near Mercer about the time of the holdup, Swartz drove up to Grampian, about 135 miles from his home, to make good two checks given as a down payment on a tractor.

Prosecution objected to both slips on the grounds that no name was on either one, both being simple cash receipts.

The defendant proved himself a difficult witness late yesterday afternoon when the district attorney took over the cross-examination. This morning Swartz evidenced occasional exasperation at the DA's questioning and at first repeatedly delayed the cross-examination by referring to his records.

Approximately 75 persons were in the courtroom this morning, including the defendant's mother and father, wife, mother-in-law, and several of his five sisters and two brothers.

Kornreich brought out the facts, which were called "substantially correct" by the defense, that Swartz spent \$7,724.92 in cash in the seven months following the August 18, 1955 robbery, and cashed \$5,660.53 in checks during the same period.

The defendant said yesterday under questioning by the defense attorney Marks, that he had saved his money from numerous jobs since high school and had "\$5,000 to \$7,000, \$8,000, \$10,000" in an El Verso cigar box in his desk drawer.

This morning the DA asked Swartz the denomination of the bills and the suspect answered the cash was all in bills smaller than \$50 denomination and the money was lying loose in the box. Swartz said the money was in \$1, \$5, \$10 and \$20 denominations.

Testimony in this morning's session was largely restricted to a rehearsal of Swartz's previous testimony about his whereabouts the day before, the day of and the day after the crime.

It has since been entered in testimony that the day after the robbery, Swartz took the license plate from a green, 1951 Plymouth he owned and transferred it to the Pontiac which was taken out of the garage on August 19, 1955, the day after the robbery.

Swartz maintains the reason the Pontiac was taken out of the garage was to pay off two bouncing checks.

Considerable publicity is being given by news services and special writers to the fact that news photographers are being permitted to take still pictures during the bank

holdup trial that has been under way in Warren County Court this week. The Associated Press says it is believed this is only the second time in Pennsylvania that a trial judge has granted such permission.

The first picture appeared in the Times-Mirror Tuesday. It was taken by Don Neal, commercial freelancer, who resides in North Warren.

In authorizing the picture Judge Alexander Flick, Jr., said that "with modern photographic equipment, there's no noise or anything like that to upset anyone."

Judge Flick said he was following procedure of a trial earlier this year in Philadelphia when photographers were first permitted in a courtroom during a trial to take pictures. In both cases, the use of flash equipment was banned.

Pending before the State Supreme Court is an appeal by employees of two western Pennsylvania newspapers from a contempt citation for the taking of pictures, against a court order, in the Westmoreland County Courthouse. The pictures were taken to test the validity of the ban issued by the County Court.

YANK LINEUP IS SHAKEN UP BY STENGEL

By JACK HAND

Brooklyn, (AP)—Clear, cool weather greeted the Brooklyn Dodgers and New York Yankees for their second World Series game at Ebbets Field today with big Don Newcombe (27-7) trying to make it two straight for the Dodgers over the Yanks' Don Larsen (11-5).

Manager Casey Stengel of the Yanks, shook up his lineup and batting order after Wednesday's opening defeat by Sal Maglie, Jerry Coleman went to second base and Joe Collins moved into the lineup at first base. Billy Martin shifted from second to third, with Andy Carey and Bill Skowron riding the bench.

In the new batting order, Stengel had shortstop Gil McDougald leading off with the 40-year-old Enos Slaughter second. Slaughter had three hits in the opener. Mickey Mantle was hitting third, followed by Yogi Berra.

Manager Walter Alston of the Dodgers fielded the same team that beat the Yanks 6-3 in the opener but moved left fielder Sandy Amoros up to bat sixth. Right fielder Carl Furillo slid down to seventh and catcher Roy Campanella to eighth, just ahead of Newcombe, like Larsen a good hitting pitcher.

No. Warren Ambulance Service Begins To Click

Ambulance service furnished the community by the North Warren Fire Department is beginning to click in a most satisfactory way. The Firemen's ambulance answered four calls Thursday.

The first call was received at the hospital at 1:20 p. m., and within minutes the ambulance was at the home of LeRoy Loney, Starbrick. Mr. Loney had suffered a stroke and was rushed to the hospital.

The second call was from Clarendon where Mrs. Lucy Burdick, 22 Weaver street, had suffered a heart attack last evening about 8:15.

Third call was R. J. Cook, of United Refining Company, who called in at 1:00 a. m. and requested two ambulances to "stand by" in the event of possible injuries due to the fire.

At 7:50 a. m. a call came from Paramount Furniture for an ambulance, which was answered, but the patient was taken to the hospital by car in the meantime.

Ruling Permitting Court Room Photos Excites Much Comment

Pittsburgh, (AP)—The Pennsylvania Supreme Court affirmed today the conviction of seven Pittsburgh and Greensburg newspapermen on contempt of court charges for taking news pictures in the Westmoreland County Courthouse.

The Supreme Court fixed the penalty at fines only, erasing prison sentences ordered in the original verdict by the Westmoreland Court. The State's highest court split on the decision, with Justice John C. Bell filing a separate opinion concurring in part and dissenting in part. Justice Michael A. Musmanno filed a dissenting opinion. That apparently left four justices—Chief Justice Horace Stern, Justices Charles A. Jones, T. McKean Chidsey and Arnold in the majority group.

Considerable publicity is being given by news services and special writers to the fact that news photographers are being permitted to take still pictures during the bank

holdup trial that has been under way in Warren County Court this week. The Associated Press says it is believed this is only the second time in Pennsylvania that a trial judge has granted such permission.

Plans Completed for Forest Fire Field Day

All organized Forest Fire Wardens and crews in Warren County and adjoining areas are participating in a Field Day on the A. T. Smith farm at Fox Hill on Sat., October 13th at the request of the Pennsylvania Department of Forests and Waters. Volunteer fire company representatives and anyone interested in joining a Forest Fire Crew are also invited. Details are available by calling Warren 1271. Dinner will be served in the field.

With a low occurrence of Forest fires since 1950 the need is felt for refresher training in Forest Fire Fighting fundamentals. Overall apathy and inactivity of many crews leads to conditions that were present in Maine prior to the vast forest fires of 1947. Our local economy depends on healthy forests for much of its support, therefore a strong effort to maintain our forest defense is in order. The program will be submitted later.

LETTERS TO EDITOR

Warren, Pennsylvania
Editor Times-Mirror

Dear Sir:—

You and many other taxpayers are informed that as of July 15th, 1956 I was appointed Field Investigator in the Bureau of the State Tax Equalization Board. At that time I was not aware that much travel was necessary in connection with the duties of the office; at any rate I was assigned work in Warren County which was completed. In view of the fact that I have no desire to travel, and the work in this county is insufficient to keep one fully occupied the entire year, I requested the department that my name be removed from the payroll as of September 26th, 1956, as I will not accept the taxpayers funds for salary while performing no duties. That is as it should be.

Sincerely yours,
M. R. Papavero.

Favors Legislation To Conserve Gas Reserves In State

Bradford, (P)—Legislation to conserve natural gas and oil reserves in Pennsylvania is urged by Secretary of Internal Affairs Genevieve Blatt.

In an address to a joint meeting of six oil groups Friday, Miss Blatt said:

"I am convinced that well prepared conservation law helps everybody. It shields the producers from excessive drilling and wasteful production and gives his investment longer life."

She told the meeting of producers, engineers and other gas and oil experts that the entire industry should get behind a single legislative draft.

Miss Blatt said a conservation law would help extend the useful life of known reserves in the state, adding:

"Once we have agreed on our plan, all we will need is the united help of you gentlemen and your associates and the bill will be a law."

Miss Blatt said an example of the depletion of natural gas reserves is in the Benetown field of northwestern Pennsylvania. She said the field was drilled so badly that 20 billion cubic feet of gas was lost.

This loss, she added, "equals more than one eighth of the total extraction of natural gas in Pennsylvania in 1954, the year of greatest production of gas in this state."

St. Paul's Lutheran Church Having 85th Anniversary

Cordial Invitation Is Extended Public To Join in Interesting Services Planned for Sunday

The congregation of St. Paul's Lutheran church extends a cordial invitation to all its friends to join in festive services to be held Sunday in celebration of the 85th anniversary of its founding.

Worship period in the morning will be a Holy Communion service and will be conducted by the Rev. Nore G. Gustafson. This will be Pastor Gustafson's final sermon in St. Paul's before he and his family leave for their new charge in Orlando, Fla.

The anniversary service will be held at 3:30 p. m., with Dr. Thorsten A. Gustafson of East Orange, N. J., president of the New York Conference of the Augustana Lutheran Church, as special speaker. His topic will be "Beyond This Hour".

\$6,667,441 in Fed. Funds to Hospitals in Pennsylvania

By JOHN KOENIG JR.

AP Special Washington Service Washington (AP)—Pennsylvania will receive \$6,667,441 in federal aid for hospital construction in the fiscal year ending June 30, 1957—an increase of nearly a million dollars above the 1956 allocation.

Figures released by the Department of Health, Education and Welfare show appropriations of \$5,774,977 in direct aid for hospital construction and equipment and \$892,464 in aid for other Pennsylvania medical facilities.

The money is appropriated under the Hill-Burton Act, which since 1948 has brought a total of \$53,772,873 to Pennsylvania hospitals and medical facilities.

The 1957 allocation exceeds all previous appropriations to the Keystone State except the 1950 fund of \$9,241,058. The 1956 allocation was \$5,737,154.

Aid to medical facilities in the current year includes \$263,387 for diagnostic or treatment facilities; a similar amount for chronic disease facilities; \$182,845 for rehabilitation facilities and the same amount for nursing homes.

DRIVE CAREFULLY!

Pastor Charles Lundquist, Oil City, will have charge of the opening devotional part in the service, and Pastor C. J. Franzen, Youngsville, will close the service with the benediction.

Music for this service will be as follows: Prelude by Mrs. Hildur Anderson, "Festival Fantasia" by Tschirch; vocal solo, Byron Swanson; anthem by the Senior and Junior Choirs, "Praise Ye the Lord, the Almighty," arranged by W. B. Olds; anthem by the Senior Choir, "Still, Still With Thee" by Oley Speaks; offertory, "Idyll" by Suddall; postlude, "Commemoration March" by Grey. Mrs. Anderson will preside at the organ and Harvey Horn will direct the choir.

The St. Paul's Lutheran church was organized in 1871 by the Rev. C. O. Hultgren, pastor of the First Lutheran church in Jamestown, N. Y. The original name given to the congregation was, "Swedish-Danish Evangelical Lutheran Church of Warren, Pa." The name was later changed to, "Scandinavian Lutheran Church", and finally to "St. Paul's Evangelical Lutheran Church." The present confirmed membership is 700.

St. Paul's Lutheran church, Water street at Second avenue, will be the scene of special Sunday services, as the parish observes the 85th anniversary of its founding. (Borg Studio Photo).

"Music Listening Room" Available at The Public Library

Announcement in these columns a few days ago that Warren Public Library now has a "listening room" for the pleasure of its music lovers was received with acclaim by many in the community.

This venture has long been the dream of the librarian and the staff, and has been under consideration for several years. Through the Friends of the Library it is now a reality. A room in the basement of the library has been decorated and furnished with comfortable and colorful furniture to aid patrons in their enjoyment of fine music. A Columbia "360" record player has been installed in the room.

The music listening room will be available to all members of the community for listening to the records in the library's record collection, and there are many patrons who will be interested in using it as a "try-out," for the library's records which they wish to take home and enjoy.

Adults may use the room at their convenience, and the young people of high school age will have access to it between the hours of three and five each week day, and from two until five on Saturdays.

The librarian and staff of the Warren Public Library are very happy to make this service available to the community, and hope that every person who is interested in recordings will make use of the facilities.

POOR MATERIAL

Kent, Ohio, (AP)—Teen-age reading material interest is low because writers for this audience are producing third-rate material, says the executive director of the Library Club of America.

Frank G. Jennings told a Kent State University workshop on English and reading instruction that both teen-age fiction and classroom texts were at fault.

"Writers for teen-agers neither respect their intelligence nor recognize that they are on the verge of adulthood," Jennings asserted.

WELCOME—DRAGONS OF 1956!

The Times-Mirror staff again deems it a genuine privilege to extend a greeting to Blue and White footballers who are returning to Warren for the annual Homecoming Day Game at War Memorial Field Saturday afternoon at 1:30, when the Meadville Bulldogs will oppose the 1956 version of the High School Dragons.

As usual the Sports Boosters have been doing an excellent job in lining up plans for the Homecoming, which will consist of the Smoker at the Marconi Outing Club this evening getting under way about 9:20, and the half-time activities Saturday afternoon at the field.

These events will climax weeks of preparation on the part of the officers and committees, which assures a most enjoyable time for former gridiron warriors returning to Warren, as well as present followers of the game.

EMERGENCIES-DON'T-WAIT WEEK

Governor George M. Leader has designated the period October 1 to 7 as "Emergencies Don't Wait Week" for the Commonwealth of Pennsylvania, in order to call attention to the importance of the problems of safety in the home.

In his statement, the Chief Executive says: "Every year more than 5,000,000 Americans of all ages are killed, or severely injured, in accidents which occur in the home.

"As 'do it yourself' projects become more popular among our householders, the possibilities for accidents increase. 'The immediate and proper use of first aid can greatly alleviate the unfortunate effects of these accidents; many of the fatalities can be prevented if treatment is applied in time. First aid equipment and supplies should be an integral part of every family's household furnishings.

"Home accidents are an ever-increasing problem, and I am happy to have this opportunity to call attention to their prevalence by designating the week of October 1, 1956 as Emergencies Don't Wait Week. I urge every citizen of the Commonwealth to undertake a program of safety and accident prevention in his own home and do everything in his power to reduce the constantly mounting toll of disasters in the home."

DON ROSS

The prospects of a happy weekend for many in the community occasioned by numerous exciting events that have been under preparation during the past few weeks have been saddened by the bereavement that stalked into the home of Mr. and Mrs. Dick Ross and their twin daughters, Patricia and Priscilla, North Warren, in the sudden and unexpected passing of a devoted son and brother, Don, while engaged in an intramural fraternity sports at Lafayette College Wednesday afternoon.

As he endeared himself to faculty and school mates while attending Warren High where he graduated in 1953, Don had won his way into the hearts of his associates at Lafayette, as is emphasized by the announcement that the entire forty members of his Fraternity Phi Kappa Tau will be here for the funeral services at the First Lutheran church Sunday afternoon. No greater tribute could be paid an aspiring youth. Don had a faculty for gaining the esteem and affection of everyone with whom he came in contact, and his admirers are numbered by those who were privileged to have known him during his brief life. The sympathy of a host of grief-stricken neighbors and friends is extended to the sorrowing family.

HELP THE HANDICAPPED

The week of October 8 has been proclaimed as National Employment of the Handicapped Week, in an effort to promote the rehabilitation of the physically disabled.

Persons who are not actually employers will have an opportunity to assist in this program by contributing clothing and other articles for use in the sheltered workshops of Buffalo Goodwill Industries.

A telephone call to 3021 will register any home in Warren or North Warren with the Industries' representative, Marilou Anderegg, who will send the Goodwill truck to the given address on Monday, October 8. Bags in which to pack used materials for Goodwill Industries may also be obtained from Miss Anderegg at 205 North South street.

Here and There

Thirty years ago the Warren High School Dragons, who are being honored at Homecoming festivities this weekend, played and won a game from Kane High, on October 9, 1926, by a score of 7 to 0. The article in The Evening Times of October 11, says "The locals barely came through with a 7 to 0 victory made in the first quarter, when Monty Scott clambered across for a touchdown and Angelo Bevevino followed with a point after touchdown with the end of his toe."

On the same sport page we note that Johnsonburg had scored a 36-0 win over Sheffield at the Paper City. On the Sheffield team were Evan, Olson, Hildum, Dunn, Carlson, Kashmer, Ritchie (captain), Miller, Drum, Giam and Henry.

There were some interesting paragraphs in the column on the sport page of that day. We note: "Youngsville considers it did very well in holding Titusville to a 19-0 victory." "Some of the fans seem to have the idea that Red Landquist is out for football at Grove City and they're wondering why his name doesn't appear in the Grove City lineups." "The announcement of the prevailing score between Warren and Kane as made from the Times balcony, Saturday afternoon, in the midst of the one-sided game of baseball between the St. Louis Cardinals and New York Yankees, provoked as much interest as the baseball results." "The cool weather certainly does wonders. Max Chapman tells us that after holding an organization meeting a few evenings ago, the Heelas Flower Shop basketball team was all ready to go right on the floor for a practice session."

There is a feature story in that particular issue under the heading: "Warren Grid Fans Anxious to See 'Big Bill' Anna perform in the Allegheny-Bethany Classic." Attached to the article is a full-length picture of Anna in football uniform. He later became an Episcopal priest and is located at Belleville, Md.

Browsing through the Evening Times of thirty years ago today, October 5, 1926, we find many other news articles of interest to present day readers. The headline on page one says "Cards Take Lead in Series, Beating the Yanks, 4-0." Another headline says "Minstrels Score a Real Hit—Best Ever." Promise Verified at Opening Night Performance." The lead paragraph about the shows says: "We didn't know when we went to the 1926 Elks Minstrels last night whether that 'best ever' stuff was real or just apple-sauce; but after it was over there was only one verdict, passed unanimously by the audience—'best ever' wasn't apple-sauce—it was the truth. Making Yes-and-No Lists Shows Teen-Ager the Facts

"MY mother just won't let me do anything," a 15-year-old girl wails in a letter to this column.

That is a common cry from teen-agers hurrying to grow up. Yet each teen-ager feels it is his—or her—problem alone.

I would like to suggest to the writer of this letter, and to any other teen-ager who feels his parents are more strict than anybody else's, a little exercise in accounting.

For one month on one sheet of paper list everything you have permission to do. This should include shows you attend, ball games you go to, parties your mother okays, friends you have over to spend the night and all the rest of the "plus" items.

Put down every single thing you are allowed to do that you want to do.

Then on another sheet of paper put down the things you wanted to do but which weren't permitted.

Be fair on this list, putting down only those things you honestly think you should have been allowed to do. Don't list any crazy ideas you didn't even hope your parents would go along with.

COMPLETED LISTS MAY CONTAIN A SURPRISE

THEN at the end of the month look at the two lists. It may come as a great shock to you to find that you have actually been allowed to do a great many more things than you were prevented from doing.

The average teen-ager, allowed to do nine things out of any 10, forgets about the nine and wails "I never get to do anything" when the tenth comes along.

So be fair enough to your parents to keep a strict accounting for a while.

If it should turn out that your "No" list is larger than your "Yes" list—which isn't likely—just showing the lists to your parents may convince them they actually ARE being too quick to say "No."

Bethel Members To Gather for Supper

The annual Spiritual Retreat for members and friends of Bethel EUB church will begin with a 6:00 p. m. fellowship supper on Saturday, each to bring a turkey and/or dessert, rolls and table service.

The evening service will begin at 7:45 p. m. and will be featured by special musical numbers and a message brought by the Rev. Charles Gatty, of Stillwater church. This service is designed for the inspiration and challenge of the entire church family and officers and teachers are especially asked to make it their personal responsibility to attend. Those who cannot come for the supper, are urged to be present for the service and to invite guests.

On Sunday, the church school hour will emphasize the last offering for the year toward the support of Rev. and Mrs. Frank Young, missionary representatives in the Kentucky area. Approximately \$250 is needed to meet the full goal.

Morning worship will center around World-Wide Communion Sunday, with a freewill offering for "Meals for Millions". The evening service will again feature the youth choir, also a film, "For Every Child", as part of the observance of Christian Education Week. Wednesday at 6:30 p. m., there will be youth choir practice, 7:30, midweek service, Thursday at 7:30.

WSWS will hold its regular meeting, with the Clarendon Society as guests. Study theme will be "Sent Forth To Serve Those on the Move" and leaders are Mrs. Nellie Shearer and Mrs. Marion Anderson. Hostesses, Mrs. Carl Anderson, Mrs. Archie Campbell, Mrs. Vincent Rothwell and Joyce Anderson, extend an invitation to all women of the church.

Clubwomen Planning Tour Of the Allegheny Forest

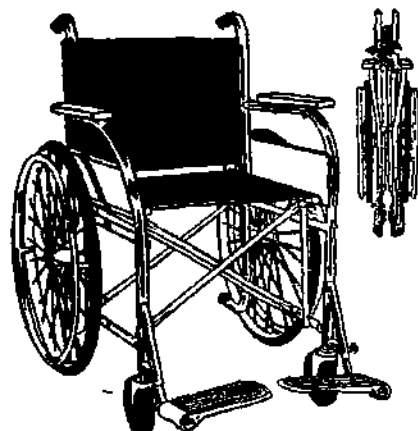

Members of the Woman's Club are reminded of the time change for the Monday meeting of Community Service Department. All are asked to meet at the clubhouse promptly at 1:15 p. m., to be taken on a two-hour tour of the Allegheny National Forest by Supervisor E. M. Bacon.

The trip will provide a wonderful opportunity to learn more about the surrounding forests at the peak of their autumn beauty. Transportation will be furnished for anyone who has not arranged for a ride, and it is suggested that walking shoes be worn by those who wish to leave their cars at any of the various stopping places en route.

Following the tour, tea will be served at the clubhouse.

In event of rain, it is stated, Mr. Bacon has planned an interesting program to be presented at the clubhouse at the same earlier hour mentioned above.

Adopting a Grandmother Is a Rewarding Project

WOULD you like to "adopt" a grandmother?

The idea isn't mine. I read an account of how it was done in one community in a bulletin, "Adding Years to Life," which is put out by the Institute of Gerontology at the State University of Iowa.

In a report of the Golden Age Club in Ames, Iowa, one project listed was an "Adopt a Grandparent" program. The Ames Club worked it through the town's Girl Scouts and Campfire Girls. The young members were urged to get acquainted with, visit, and help brighten the days of some older woman of the community who had no family of her own—or none close by.

Why wouldn't the idea work even better if the middle-aged women of a community with homes of their own and their busy years behind them decided to "adopt" a grandmother as a means of personal service?

The effectiveness of the idea is that it need not be organized at all. Each individual woman could find her own lonely, older woman and bring a little happiness into her life.

START ON A GRANDMOTHER HUNT

WHERE could you find a grandmother to adopt? Perhaps an elderly woman living alone in your own neighborhood would be the one. Maybe it would be an old person in a nursing home. Perhaps it would be the mother of a friend, left alone because both the husband and wife with whom she lives work every day.

Every community has its share of older women who have been pushed aside by life. They are lonely and their lives could be considerably brightened by the attention of a younger, more active person.

Think what even a daily telephone call would mean to some women. An occasional invitation, to dinner, to the movies, or for a drive in the country would mean even more.

We women who are active have so much to share. There should be something left over for those without families or whose families are far away or disinterested.

We women could do a lot individually for the lonely older women of our communities if we were willing to "adopt a grandmother." And such an experience would undoubtedly be an invigorating one for us.

Bible Words for Today

LUKE 9:20—"He said to them, 'But who do you say that I am?' And Peter answered, 'The Christ of God.'" (R.S.V.)

God sent His Son into the world so that every man would last day respond to this question as did Peter. For only as every man answers this central query concerning his life and destiny will the day come when "every knee shall bow and every tongue adore Him." The great affirmation of Christ as Savior and Lord of life was made first by a man like we are. As Peter lived out his days in obedience to the belief he here put into words he became a witness, an apostle and at last a martyr—all for the sake of Christ and the Gospel. For this fisherman who became a fisher of men, Christ was all in all. His great confession of faith was not made with his lips alone, but with the whole of his life. To this same great affirmation and to this same great commitment each of us is called.

The Rev. Sheldon E. Mackey, D. D.
Administrative Assistant to the President
Evangelical and Reformed Church
Philadelphia, Pa.

IT'S HARD TO BELIEVE, these cars were once the last word in getting from here to there. Some persons even doubted the gas buggy would ever replace ole dobbin. The snazzy car on the right is a Pierce Arrow, and if you had one like it, you were either the "cat's pajamas" or the "cat's meow". And, if you had motor trouble, and you had the car's innards scattered all over the road while you tried to locate the difficulty, somebody would come along and say, "Put a nickel in it."

Price Tags on Chickens And Eggs Will Be a Little Lower

The housewife who steers clear of high price tags on beef and other meats this weekend will find comfort in the more moderate cost of chickens and eggs.

Beef prices are expected to head lower soon, but for the moment are still at high levels. Wholesale prices eased off this week and steers sold cheaper, but for the most part this has not yet reached the retail level.

In some areas where steaks and roasts shot extraordinarily high, there will be some reduction by this weekend. In other areas, however, prices will go up before cheaper wholesale supplies arrive on the local store counter.

Lamb and pork also bring reduced wholesale prices now and should be cheaper by next week. Until then there will be little change in what the butcher charges his retail customers.

Chickens, in both frying and broiling size, are the most widely featured weekend special. In many areas they are selling several cents per pound lower than last week.

The decline in egg prices, which government price supporters are trying to stem, has hit the retail market. One nation-wide chain, which last week sold large grade eggs in New York at 75 cents

a dozen, has brought the price down to 69 cents.

Cabbage, onions and potatoes are outstanding buys on vegetable counters, government market observers report. Also selling at good prices are celery, corn, peppers, tomatoes and spinach. Cauliflower and eggplant are moderately priced and lettuce fluctuates according to the quality and amount of local supplies.

On fruit counters, apples and grapes will attract the thrifty shopper. Florida oranges are also starting to come on the Eastern market but not in sufficient quantity to bring prices substantially lower.

Utah's Escalante River makes such sharp loops and turns in places that it can travel half a mile and yet be only 50 yards from where it started.

Hold on Mon! Me Picture is worth \$1 to All!

Just Cut Me Out along the dotted line. Bring it to Logan's and it will take \$1 off any purchase worth \$5 or more.

IN THE DAYS OF THE OLD ESSEX! The Essex was a popular car in the early Twenties. But long motor trips involved a number of hazards, motorists frequently taking along a supply of gasoline, oil and water, stored in canteens and carried on the car's running board. Those were the days, of course, when cars had running boards, also two (2), count 'em, spare tires, and even curtains to keep out the weather.

Television Feature Will Depict Marine Corps Boot Training

Special release from the United States Marine Corps Information Office, New York City:

The rugged training methods and iron discipline employed at the U. S. Marine Corps boot camp at Parris Island, S. C., and its effect on one new Marine provide the story for "The Murder of the Sand

Flea," scheduled for Kraft Television Theatre on Wednesday, 10 October, at 9 p. m. (EDT), over NBC-TV. The hour-long play will be introduced by Lieutenant General Vernon E. Mege, Assistant Commandant of the Marine Corps.

Written by former Marine Sergeant James Lee Barrett, who took his first training as a Marine at Parris Island. "The Murder of a Sand Flea" focuses on a rebellious 19-year-old recruit as he goes through training at the famous Leatherneck base.

"The Murder of a Sand Flea" gets its name from a tradition connected with beach training at Parris Island: Recruits are ordered not to slap at the numerous sand fleas in the area because the sound would give away their position to the "enemy." When the recruit in the Kraft play defies orders, as a disciplinary measure his entire platoon is marched off on a burial detail—for the murdered sand flea.

Today's session was the first meeting of the three Western foreign ministers since the second London conference on the Suez problem ended Sept. 21.

U. S. spokesmen here have carefully avoided any definite statement as to whether or not the United States would support a British-French resolution calling for U. N. endorsement of the position taken in the first London conference in August. This provided for international control of the 103-mile waterway, a demand Egypt already has rejected.

While U. N. representatives of the three western powers have sought to minimize the differences between the United States and her main Western allies, criticism of Dulles' position has been growing in France and Britain.

Among the items that came up during the question and answer session: Taxes; H-Bomb; Minimum Wage; Schools; Suez Canal; Military Strength.

Beer Dousing Kills Parakeet

CHAMBERSBURG, Pa.—D-D, the pet parakeet of John Gibbons, drowned his sorrows. A glass of beer caught his fancy. He perched on the rim, dipped his beak into the foam for a nip and fell into the glass.

Gibbons rescued the drenched bird but D-D was found dead on the floor of his cage next morning.

Poor parakeet, another beer casualty. It seems to me that this beer must be pretty powerful stuff. It seems it does its dirty work to not only humans when they drink it, but to birds when they sip it, and get doused with it. Poor parakeet lost its life because it monkeyed with the stuff, just like humans lo when they bother with t. At least that's the way it looks to this dog. None of it for me, either inside, or outside.

New York, N. Y.—One out of every 16 social drinkers will eventually turn into an alcoholic, a conference on alcoholism was told Sunday.

Dr. R. E. McGill, administrator of the Huey P. Long Charity Hospital, Pineville, La., cited the statistic.

He told the National Committee on Alcoholism that 70 million American drink alcoholic beverages, "mostly social drinkers." One-sixteenth of all social drinkers, he said, turn into alcoholics in 10 or 15 years.

Dr. McGill said there are more than four million alcoholics in the United States, including 600,000 women.
Ideally, he said, all intoxicated people should receive hospital treatment, but from an "economical standpoint, it is not practical."

September Decline In Employment Is Revealed in Report

Washington, (AP)—The government has reported that the number of Americans holding jobs dropped by 681,000 to a total of 66,071,000 in September.

A September decline is a normal seasonal development due chiefly to students leaving summer jobs to get back to school.

The total employment was a record for September. It is 1,300,000 greater than the number of persons who had jobs in September, 1955.

September employment compared with a record 66,732,000 job holders in August.

The Commerce Department also said that unemployment declined in September by 197,000 to a total of 1,998,000. This was one of the lowest jobless totals recorded in the last three years.

The decline in unemployment similarly was attributed in part to the large number of students withdrawing from the labor force. The government counts as unemployed anyone who does not have a job and is looking for one.

The decline in job holders came in nonfarm industries. The total drop there was 804,000 to a total of 58,683,000. Agricultural employment increased by 123,000 to a total of 7,388,000. This also was regarded as seasonal in connection with the harvesting of crops.

Sylvania Breaks Ground For New Altoona Plant

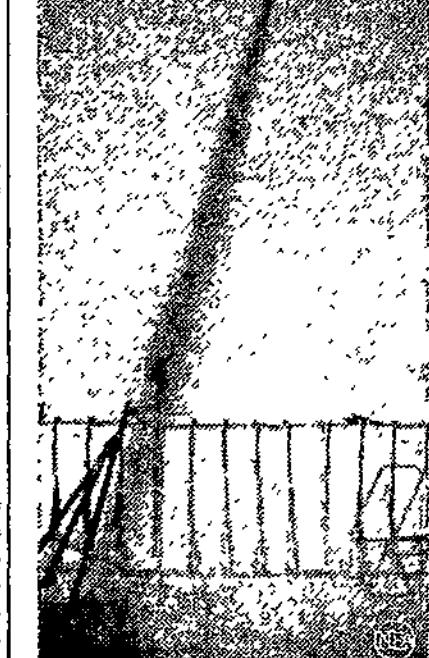

Altoona, (AP)—Sylvania Electric Products, Inc., broke ground yesterday for a new multi-million dollar plant.

Officials said the two-story plant will provide 190,000 square feet of floor space. It will be at least a year before it is completed.

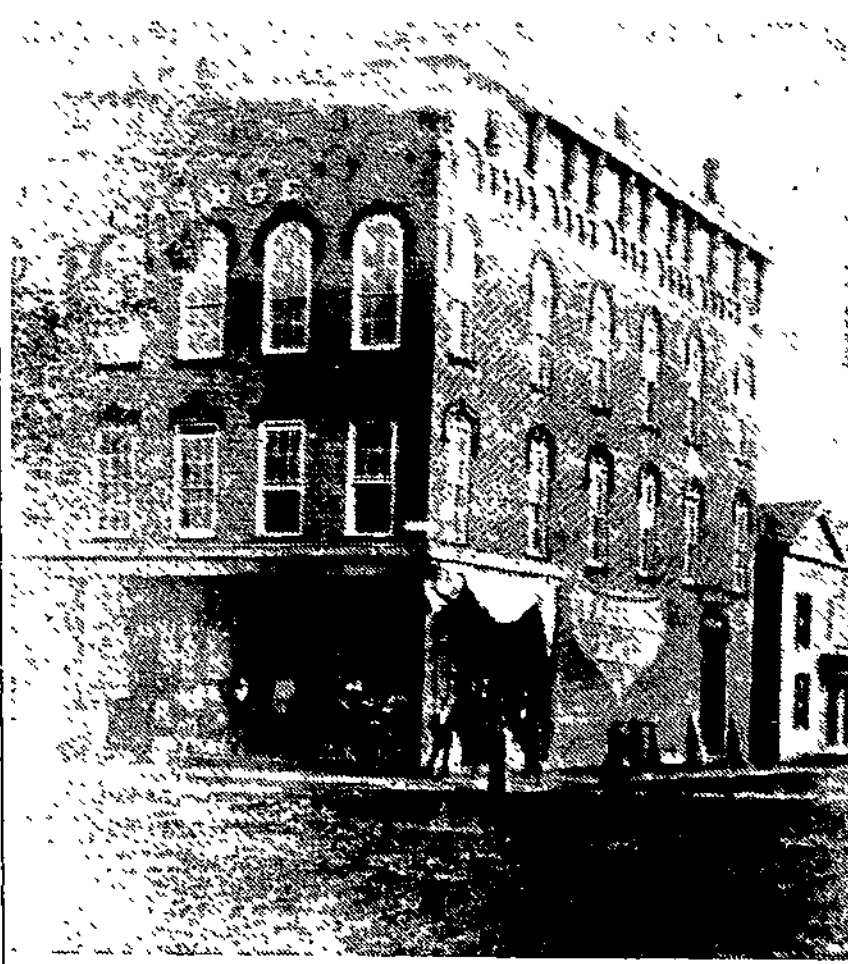

Some operations at two other Sylvania plants here are to be transferred to the new plant. It is not expected the company's total employment will be increased much, if at all.

DEATH IN FAMILY

Mrs. Rufus Connely, 105 Palm avenue, has been called to Williamsport by the death of her brother, William E. Smith, which occurred Tuesday evening.

ECONOMY, ROCKET—Seen on its way up, the two-stage Terrapin research rocket requires only a crew of three to fire it. Designed for atmospheric research, it's 15 feet long, 6 1/4 inches across at its widest point and weighs but 225 pounds. The two-stage device is a joint development of Defense Department, University of Maryland and Republic Aviation Corp. It has been test flown to an altitude of 80 miles at speeds up to 3,800 miles per hour.

age on August 18, 1955 was that that was about the time hydraulic repairs were completed. He said it had not been repaired mechanically at Eastertide.

Prosecution witnesses said they saw a car answering the description of Swartz's Plymouth near Tidouite the day before and day of the \$11,776 robbery.

In the case to date, five defense witnesses have sworn they saw Joseph Swartz the day of the robbery in Mercer County and three prosecution witnesses have just as definitely stated they saw him near Tidouite the day before and day of the stickup.

Swartz says no one knew he had the money saved in the cigar box in his desk and no one had seen it but that he told his girlfriend, now his wife, about it, after he was charged with armed robbery at a hearing before peace justice Fred Berry on April 19.

Swartz says he offered to take a lie detector test and the man in charge of investigating the case, Cpl. Leo Weir of Erie State Troopers says he did not.

Swartz this morning also admitted a common falling when he said he did not understand how to make out an income tax form. This rectified a misunderstanding of yesterday afternoon when the defendant said he thought a deductible salary item of his 1955 form had been paid himself.

Maximum sentence for an armed robbery conviction is 20 years.

Jury hearing the case, four women and eight men, are: Wallace Long of Youngville, Natella English of Kinzua, Alfred Mullhaupt, Arthur S. Hill of Columbus, Dorothea Taylor, John W. Sleeman, Mae Huber, Dorothy McAllister, Charles Anderson of Sugar Grove, Robert Dunn of Weldbank, Carl Crosby of Bear Lake and Maxwell Arnold. Two alternates are Mrs. Pearl Snow of Bear Lake and Mrs. Edith Hultberg of Chanders Valley.

First witness this morning was Harry Halstead of RD 1, Titusville.

The testimony yesterday afternoon dealt with the accused's financial history for the past few years and his own version of what had happened since the police first informed Swartz he was wanted for the August 18, 1955 stickup which netted the robber \$11,776, tax free.

The defense pointed out through a maze of statistics that Swartz's total business income during the year 1955 was \$10,252.71. Previous defense testimony had shown his total bank deposits for 1955 included \$14,752.70, with a \$4,000-plus loan from his father in December. Defense further pointed out that the actual amount of money handled by Swartz during 1955, including his income tax refund, several loans and insurance checks for a damaged car and trailer, amounted to \$20,841.

Then the defense drew forth the following statement from Swartz about business: "In school and through my business associates I was told that you never get ahead unless you use the other guy's money." Enlarging on this Swartz stated he meant you borrow to get the business started and use the money you have saved for expanding the business.

Then the defense asked Swartz how much money he had saved since, as he stated, he had begun stowing it away from the time he worked in high school. Swartz said he had no idea, thought it might have been "\$5,000, to \$7,000 or \$8,000, \$10,000."

And where, asked defense counsel Marks, had the defendant kept his money? "In a green cigar box in my desk."

And why, asked the defense, did you begin to dip into this reserve supply for the first time on August 18, 1955? "The day of the robbery."

"Because," said the witness, "on August 17th I got, a call from Nelson, owner of Grampion Supply Company where I had purch-

ased a tractor, and he told me he had two returned checks of mine for \$256. I decided then to get my debts straightened out and keep them straightened out. I had had a bouncing check once before, one for \$5.90, and at that time Clinger of First National Bank of West Middlesex told me that was no way to run a business."

The prosecution had shown previously that beginning the day of the robbery and continuing for several days thereafter, the accused paid numerous outstanding bills.

The defense then ran their witness through a series of questions and answers during which he categorically denied that he had ever held up a bank, that he had ever held up the Tidouite Bank, that he had never had his face altered, never had a hook taken off his nose, that he had ever seen Tidouite bank manager Cyphert before he went to the bank after the robbery, that he never stole a car, that he was not in Warren County the day of or the day before the holdup.

Then the defense brought out from its witness that four or five troopers asked him if he would take a lie detector test and Swartz said yes to the first five but when the sixth (Cpl. Weir, in charge of the investigation) asked him the accused was tired of the whole proceedings and said he "would do nothing more until he had" a mouthpiece.

(Weir previously had testified the defendant had refused to take a lie detector test.)

As for Swartz's movements the day of the holdup, defense attorney Marks brought out this story: He answered the phone in the morning, talked to Miss Weber about the grading job he said he was estimating at the time of the robbery. Went to finish a job at John Horseman's house. Went to CD Harmony garage to put his car there the next day to be inspected. Went home for lunch. Arrived at Miss Webers to estimate shortly after noon. Went to Watsons for gas then drove 128 miles to pay off Nelson at Grampion Supply Co., Grampion, Pa.

Last two defense exhibits were two gas slips for \$2 purchases of gas, the first at Watsons on Aug. 18 for gas purportedly purchased when the accused drove to Grampion, the second from a gas station in Butler for \$2 more of gas when Swartz said he returned. The prosecution opposed the entry of both slips as exhibits on the grounds they were cash slips with no names on either.

For the hour of cross-examination allowed District Attorney Kornreich, Swartz proved himself a most reluctant witness, even to the point where he denied a copy of his 1955 income tax was valid. When Kornreich asked him if it was correct that the income tax form showed a deficit for 1955 the suspect agreed. Then, when the DA asked if this meant he made no money during 1955, the witness balked at the question, refused for some time to answer from memory, said he must refer to his records.

When the DA pointed out an item on Swartz's 1955 income tax deducted as business expenses for salary paid to others, the witness let it slip that the \$2,290 in salary had been paid himself. Then, after doubting the validity of the form and studying it carefully, Swartz said the salary had not been paid to himself, later denied this and went back to his original contention when court adjourned for the day.

Large Crowd Expected at Homecoming Smoker Tonight

Ten Members of the Blue and White Team of 1926 Expected To Appear for Annual Reunion

Ticket sales are reported brisk today for the Homecoming Game Smoker to be held this evening at Marconi Outing Club. Nick Wendelboe, Jr., president of Sports Boosters Club which sponsors the annual event, said this morning that even more persons are expected than the 150 to 200 who attended the event last year at Beaty school.

Teammates and early guests will begin congregating at Marconi Outing Club about 6:30 p. m. with the honored ones to be Dragon footballers of the ten-game-winning 1926 team.

Team members were Bob Mack, Monte Scott, Judy Berdine, Henry Miller, Buz Garrison, Kern Forsgren, Leo Driscoll, Jim Sybercrop, Ped Davidson, Dick Schlaack, Les Babbitt, Merit Brown, Hort Smith, Aelred Gray, Ange Bevevino and Bill Hoagvall. Many have already signified their intention to be present, according to Ped Davidson who is handling the invitations to his former teammates.

Basketball lettermen from 1926 have also been invited. They are: Hort Smith, R. K. Offerle, Ped Davidson, Bob Field, Les Babbitt, Chuck Young, Harry Lord and Ange Bevevino.

About 9 or 9:30 p. m. Friday the talks by Ken Coleman, Cleveland Browns sportscaster and Ray Sorenson, Warren's only representative to participate in the Olympics, will speak. The late talks have been scheduled to permit all businessmen to attend after stores close. Lewis Caterers will serve a late buffet.

On Saturday all will attend the Homecoming Game when the 1956 Warren Dragons will oppose the Meadville squad. During the half, special Dragon Band formations will head up a brief program including a romp through some of their old plays by the boys of 30 years ago.

Bob Mack Sends a Big "Hello" to All Former Team Mates

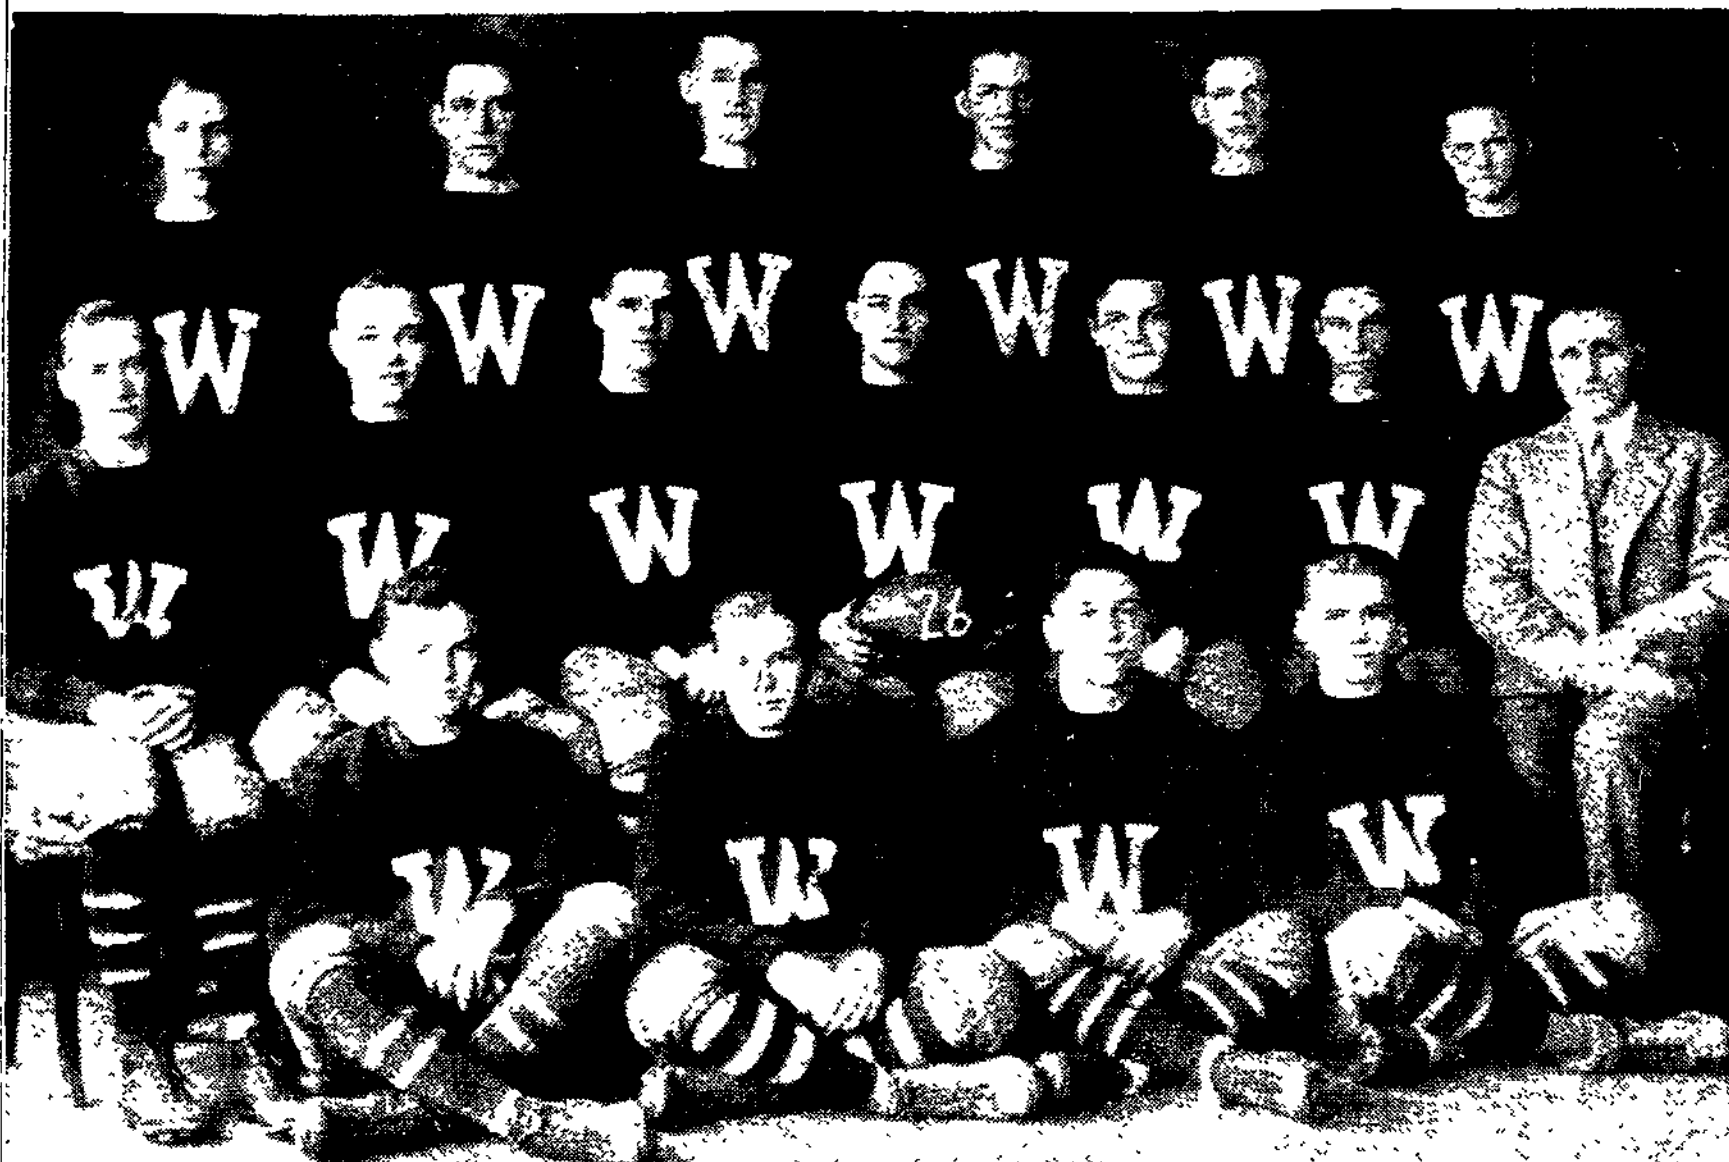

Perhaps echoing a thought all too prevalent these days among the football eleven members of 30 years ago is the comment from tight tackle Robert Mack that he "sure wishes I had some of the energy back that I gave good old Warren High". Bob further states that he hasn't done too much for football since leaving WHS and his main production has been a girl, now eleven, and according to dad, "no football material."

Driscoll Coming From Erie To Run Through a Few Plays

Looking fresh and athletic still some 16 years after he and Merit Brown fought it out for left tackle, Leo Driscoll of 143 West 26th Street, Erie will be on hand to run through a few plays in the half-time ceremonies on Saturday after Warren takes a probable lead over Meadville.

Illness Prevents Former Center of 1926 Team To Come

Illness will prevent the attendance of J. B. Berdine, above, at the homecoming celebration which is particularly in his honor Friday and Saturday. "J.B." writes he had hoped to be sufficiently recovered to attend but now is afraid he would only aggravate his condition. This "J.B." was coached by the other "J.B." at the center position of the Dragon forward wall.

"J.B." is married to the former Bessie Troutman of Brookville, Pa. They have two sons, 12 and 14 years old, a daughter, 23, and a 14-month-old granddaughter. For the past 23 years they have lived in Lawrence Park Township, a suburb of Erie.

The former Dragon lineman has worked in the police department of the General Electric Company since he settled in Erie in 1930. During and since the second World War, "J.B." has been a Police Lieutenant on a shift of Plant Protection Police. Bowling and fishing are his main recreational activities.

He asks a "sub" be sent in for him for all the extra celebrating.

Back in October, 1926, the Boys' Athletic Association held a meeting with Perry Davidson presiding. C. Horton Smith was chosen president of the association; Richard Schlaack vice president; Perry Davidson, secretary, and R. K. Offerle manager of the team.

SKATING HEADLINERS RETIRE FROM SHOW

Ray Norris, for nine years one of the stars with the Shipstead & Johnson Ice Polies, is now associated with his father in the Ray Industries, 1802 Pennsylvania avenue, west, as purchasing agent. Mr. and Mrs. Norris, both booked as headliners with the ice show, are completing a ranch-type house at Ashville, N. Y., where they will make their future home.

PROPERTY CHANGES HANDS

The R. W. Norris property, 207 Market street, has been acquired by George and Gus Cotillion of this city, who will operate it as an apartment house. Mr. and Mrs. Norris will continue to occupy their present apartment, subletting it while they are in Florida during the winter. The consideration was not made public. The property is one of the oldest and best known dwellings in the residential section having been converted into apartments some years ago.

Top Man on the Arrangements Team Former Great Halfback

"PED" DAVIDSON
For the second straight year, top man on the arrangements committee to round up his old teammates is "Ped" Davidson who was playing his second great year at night halfback for the Warren Dragons in 1926.

This year, as in 1955, it was "Ped" who sent out the messages and blared the Klaxon, as it were, to huddle his team once again.

"Les" Babbitt Is Coming Down From Scandia for Picnic

Left end J. Leslie Babbitt, above, a stellar letterman and football basketball athlete for the Dragons, now lives at Scandia where it snowed a few weeks back.

"Les" says he expects to tromp out of the hills both Friday and Saturday to be with the boys he joined last year as a first year letterman.

Thirty years ago it was announced that George C. Sarvis, manager of the Library Theatre, was leaving for Pittsburgh where he was to have the cast removed from his leg upon which an operation had been performed some weeks previously.

"Coaching Duties" Will Prevent Mote Scott From Coming

A man who used his head in the Warren Dragon backfield 30 years ago is now catering to the all-weather needs of his patrons for some heads up financial football. Monte Scott of Torpedo, Pa., runs a Tastee Freeze stand in the summer and during the cold months hauls coal for domestic and commercial customers who perspired for none of his business during the hot spells.

Sportscaster Is Speaker At Homecoming Smoker

Ken Coleman, above, well known sportscaster for the Cleveland Browns and Cleveland Indians TV announcer, will be the principal speaker at the annual Homecoming Day Smoker at the Marconi Outing Club tonight starting at nine o'clock. Ray Sorenson, former Olympic star from Warren, is also scheduled to be on hand for the reunion. The festivities will not actually get under way until about 9:30, to enable Friday night

workers to get to the club house in time to hear the program.

Ken Coleman went to Cleveland from Worcester, Mass., in August, from Worcester, Mass., in August, accounts of the Cleveland Browns' professional football games. Since then, his success has exactly paralleled that of the pro grid titans—he's been a winner every year.

In 1953, Ken's first full year on the Cleveland scene, he was named the top sports play-by-play commentator in Cleveland radio by the Cleveland chapter of AFTRA.

In 1954 AFTRA chose him as the best TV sportscaster in Cleveland circles and in 1955 his nightly WHK sports programs won him the AFTRA nomination as the town's No. 1 radio sports commentator.

Thus, in three full seasons on the Cleveland scene, Coleman is bating a neat 1,000.

Without question the busiest sportscaster in Cleveland, Ken handles the TV play-by-play for the Browns, splits the TV accounts of the Cleveland Indians games with Jim Britt and mc's the Cleveland Browns' "Quarterback Club" on TV in addition to doing daily sports casts at 12.10 and 5.30 p. m. for WHK, where he has been sports director for slightly over a year.

Before going to WHK in March, 1955, Coleman handled the Browns' radio play-by-play for WTAM in 1952 and 1953, switched to television for the Browns the following year and added the Indians' TV games to his schedule in 1955. He also presided over a nightly TV sports cast for WNEK in 1953 and 1954, plus handling several other programs, including a disc jockey show, for WTAM.

Ken began his sportscasting career in Rutland, Vt., in 1947. He later worked for WJDA in Quincy, Mass., then moved to WNEB in Worcester, Mass., where he was serving as sports director when the Browns decided to bring him to Cleveland—a move which no one has ever regretted.

TONIGHT'S FIGHT

Washington (AP)—Clarence Hinnant, a home-town boy and a knockout specialist, bids for national light-heavyweight recognition tonight in a 10-round meeting with Tony Anthony of New York at Capitol Arena.

In 1926 the first meeting of the season for the YMCA Life Study Club was announced for Tuesday, October 26, with Sidney Blackman leading the discussion on the subject "The Present Primary System".

Homecoming Letter Brings Back Memories to A. J. Gray

Member of 1926 Dragons Too Busy With His Duties With The TVA at Knoxville, Tenn.

Another slot which won't be filled Saturday except with the ghost of 1926 will be the right halfback position of A. J. Gray above who regrettably states he can't make it from 3231 Kenilworth Lane, Knoxville, Tenn. Reminded of the Homecoming celebration on Oct. 5 and 6, "A. J." wrote that the reminder from Ted Davidson brought back "memories of some mighty good times we had."

Henry Miller Moved Into the Sacred Music Circles in West

Moving in sacred music circles after the rough and tumble of scholastic football was Henry Miller, a member of the 1926 Dragon eleven who now lives at 1414 N. Sierra Bonita, Pasadena 7, California.

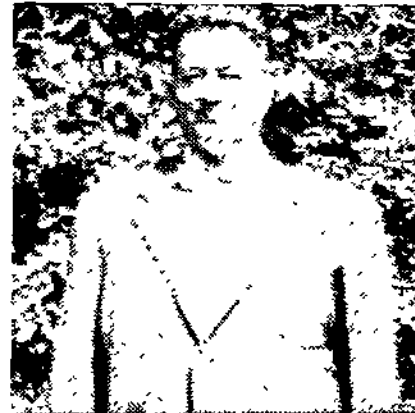

He encloses a clipping: "Henry Miller will be the featured soloist at a sacred music concert to be presented at the Church of the Nazarene at 7:30 p. m. Sunday. He will be accompanied by his wife, Ruth, a former operatic star."

Dragon Captain of 1926 Is Coming All Way From Illinois

Former Dragon Captain "Dick" Schlaack and his present commander plan to be in town for "all the doings" according to the latest message from the Schlaack's home at 3709 Prairie Avenue, Brookfield, Ill.

The two commanding Schlaacks report they have one foot soldier boy named Ed, aged 12.

Former Carnegie Tech Star Coming Back for the Reunion

Bitten by the oil bug years ago, "Ange" Bevevino relates he has spent all his time in refineries since with engineering and supervisory capacities. For the past 15 years "Ange" has been with the Daugherty Refinery Division of L. Sonneborn Sons, Inc.

In 1926 the Fourth Ward PTA passed a resolution regretting the departure of Blanche King McClintock, founder of the association, first in Warren county.

COLLEGE FOOTBALL

By The Associated Press
Hopeful Miami and harassed UCLA kick off October's first weekend of football tonight and even competition from the World Series can't detract from the widespread interest in what's to follow.

The sophomore-loaded Floridians, 14-6 winners over South Carolina in their opener last week, face untested Boston College as they seek another season as successful as last year's Miami was 18th in the final 1955 ratings by The Associated Press poll of sports writers and broadcasters. This week's poll put Miami in a 13th place tie with Illinois.

STILL UNCONSCIOUS

Pittsburgh (AP)—Richard Kadiš, 21-year-old Geneva College football player who suffered a brain injury in last Saturday night's game against Waynesburg, remains unconscious and in critical condition at St. Francis Hospital.

In October, 1926, Red Jackets manager, "Buck" Whiteshot announced a schedule of ten games for the eleven, with some of the fastest teams in the east.

Dragon Review of Forsgren

"Korm" Forsgren was one of the dependable backfield men on the team of thirty years ago. In school, the Dragon says he was "technical, Boys' Athletic Association; Football squad; Varsity; Hi-Y Club and Chair Squad. Of him it says: He strove to be a hero on the football field and he came, he seen, he conquered!" In the classroom Korm repeated this performance. He is as necessary to the High School as the propeller is to the airplane. Korm's a dang good feller, and that's that!"

Area Men Taking Part in Tactical Maneuvre in Europe

Dispatches arriving from Langley Air Force Base in Virginia bring the news that three local men participated in the Tactical Air Command's "Mobile Baker" first deployment of a tactical strike force from this country to Europe.

The servicemen, all of whom are second class ratings, were James M. Hackman, son of Mr. and Mrs. Elmer C. Wedlock, 12 South Carver street, Virgil H. Kitter, Jr., son of Mr. and Mrs. V. H. Kitter,

Tiona; and James M. Lopez, son of Mr. and Mrs. W. J. Lopez, Warren RD. 2.

Hackman is a maintenance man attached to the 429th Aerial Refueling Squadron at Langley, the other two are mechanics in the same outfit. All participated in the in-fighting refueling phase of the huge tactical training mission.

Combat elements of the strike force included 16 North American F-100 Super Sabre jets, 16 Republic F-84F Thunderstreak jets, four Douglas B-66 tactical bombers, and four RF-84F reconnaissance fighters.

The 429th Squadron flying KB-50 tankers, refueled the fighter aircraft over the Atlantic.

General O. P. Weyland, commander of Tactical Air Command, said Mobile Baker is a graphic indica-

tion of the vast potential and readiness of TAC's mobile tactical strike forces as a deterrent to aggression because these forces are ready to be deployed on short notice to any spot in the world.

Marines Set Dates For Special Events Of Coming Months

At last night's meeting of Marine Corps League members in the VFW post rooms, plans were made for two special events coming up on the Marine calendar.

The first will be the 181st Marine Birthday on November 10, with the local observance in the form of dinner and an informal get-together at the Jackson Heights Restaurant. The ladies will be invited, the affair getting under way at 6:30 and dinner served at 7:00.

This will be the second observance of the anniversary by the General Joseph Pendleton Detachment and it is anticipated last year's turnout will be greatly increased. Members are asked to make their reservations early by calling 786 or 811-M, with additional details available from Chairman Joe Garland.

Members also decided to sponsor again their very successful annual Christmas Ball and will hold that affair at the Marconi Outing Club on Tuesday evening, December 25. Further details and committee assignments will be announced later.

All were reminded dues are payable and should be turned in to Sgt. Garland; also that the next regular meeting will be October 18 in the VFW post rooms.

METHODIST HOME NOTES

Margaret H. McBride

Miss Retta Wilson of Union City does real missionary work with her car, and at the top of the list are the friends she brings to visit our members here. Miss Maud Hawthorne, Mr. and Mrs. Charlie Hubbell, and Mrs. Rose Thompson, former Union City residents. A week ago, she brought two sisters, Miss Bess Clark and Mrs. Myrtle King, soon moving to New Jersey, while this week it was Mrs. Dora King, shortly to go to Florida for the winter. "Aunt Rose" Thompson was happy over a visit from some of

her many loved children, who came with their mother, Mrs. Florence Peterson, to visit her and see our lovely Home.

Arthur Doane has several times gladdened us here by bringing friends to see us, last week it was Miss Carlotta Ellis to see the Rays and the Roberts, and the Oaks sisters to visit with their "Aunt Rose". Miss Linnie Oaks was here one afternoon with some friends, and is leaving soon for Denver, Colo. Mrs. Anna Carroll, from the Erie Safah Reed Home was here one day to visit with "Aunt Rose" too.

Mr. and Mrs. George Harroff had a host of kin-folks visiting them last Sunday. They included Mr. and Mrs. S. H. Wolf and son Gary from Akron, O., Mr. and Mrs. C. H. LeRoy from Johnsonburg, their son Floyd, wife and

daughter, of Bradford. Also Mrs. Ethel Brecht, Leon Montgomery, Tidouste, and son Lyle and daughter, Judy, from Warren.

'56 BUICK Special Hardtop Coupe, Blue and White Finish

Are you interested in a quality car? If so, this is for you—A sharp Buick in almost unbelievable condition; an executive's car, traded on a Cadillac.

'53 PONTIAC Super Deluxe 4-dr. Sedan

Just one lucky buyer can own this. No tire trouble for 25,000 miles—new tires. No motor trouble—valves ground, rings, bearings, wrist-pins replaced. Big safe brakes, in A-1 condition inside and out. You'll miss a real bargain if you don't see this.

'51 CHEVROLET Deluxe 4-dr. Sedan, Gray

This would make a fine second car or a fine family car. One owner, with very few miles, it has been cared for and driven very carefully. Powerglide, engine is powerful and smooth. This kind moves out fast.

'50 CHEVROLET Hardtop Coupe, Red & Black

Remember when this came out? It was smart, then and smart today. Powerglide, with a very efficient engine, new seat covers, good rubber. It is a fine car at small price.

'50 DODGE 2-dr. Sedan, Beige

One owner in a 1950 model, and this is in truly fine shape. A low monthly payment will give you a really good car.

'55 FORD Fairlane Victoria Hardtop Coupe, Black & Gold

One of the sharpest Fords I've ever seen—182 h.p. V-8 engines. Harmonizing black and gold plastic interior, the hard top model is the smartest today. The Fordomatic lets you glide down the road in comfort and safety. You should drive this car today.

'55 CHEVROLET 210 Series 4-dr. Sedan, Two-tone Gray Finish

What a beauty. Chevrolet's best ever, now yours and scarcely broken in. It's the economy champion—6-cyl. with standard transmission, 12 volt electrical system, big brakes, wrap-around windshield, easiest handling of the smaller cars. Be quick or it will be gone!

'54 PONTIAC Chief 4-dr. Sedan, Solid Green Finish

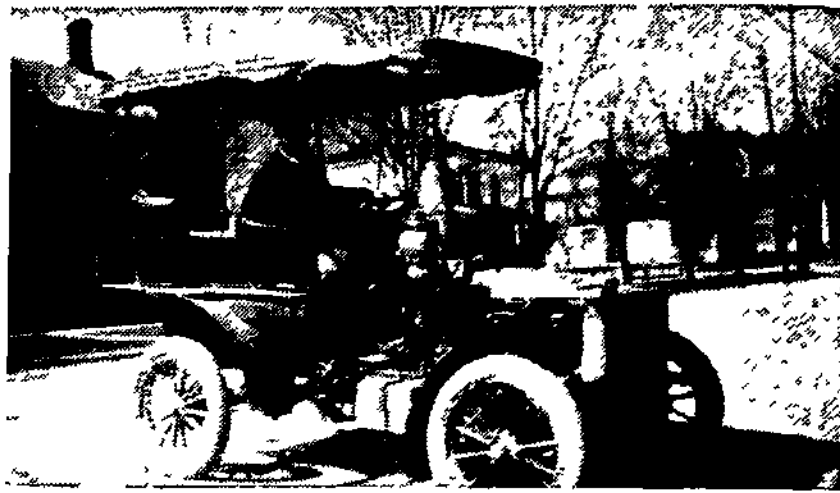

If you prefer a standard shift, this is the one you've been waiting for. The tires are like new, the car is spotless inside and out, owned by one local man. The powerful straight eight engine will give you thousands of miles of trouble-free economical driving. Come down and drive it—see for yourself.

ONE OF THE FIRST horseless carriages in Warren was owned by the late Jay Smith, pictured here with his mother. This photo was taken about 50 to 55 years ago, and if you look closely, you will see the corner of Fifth and Market. We are indebted to Mrs. Fern G. Olson of Oneida avenue for the loan of this treasured old snapshot. The parade held in connection with Old Fashioned Days in Warren tomorrow will include vehicles similar to the above.

HOSPITAL AUXILIARY

In 1951 plans were being made for the complete remodeling of Warren General Hospital and the Auxiliary was asked if it would undertake the project of a Snack Bar. This project included the furnishing and equipping of the Snack Bar room. And the estimated cost was approximately \$3,500.00.

As the Auxiliary did not at this time, have anything approaching that amount of money, the members got busy and during the ensuing two years through chain card parties and a very successful Garden Tour raised over \$3200.00. The rest of the money was obtained through several generous gifts, and a concerted drive for more members.

The total cost of furnishing and equipping the Snack Bar came to \$3,475.74, and it was opened in May, 1954.

Mrs. Frederick Beardsley was the president of the Auxiliary during the years that the idea of a Snack Bar was broached until its completion. Mrs. T. L. Armstrong had charge of the equipping and furnishing of this tremendous project. Mrs. Melvin Keller, Mrs. Jo-

seph DeFrees and Mrs. Fred Emhardt lined up the first group of volunteers to staff the Snack Bar, many of whom are still very faithful workers.

All the profits from the Snack Bar are used by the Auxiliary to purchase equipment that is needed by the Hospital, but which cannot be purchased by them due to limited funds.

Since its opening in May, 1954, the Snack Bar funds have enabled the Auxiliary to purchase the following, equipment for a Central Supply Station, two croupettes, and the air conditioning of the Pediatrics Ward. The first two items totalled \$1,200.00 and the air conditioning unit will be paid for from funds accumulated during the past year amounting to about \$2,000.00.

The work in the Snack Bar is done entirely by volunteers with the exception of one paid worker Mrs. Anna Carlson, who works four hours a day. There are about 150 volunteers who give over 12,000 hours a year. During the summer the Candy Stripe Corps helped fill in when regular volunteers were away on vacations.

Mrs. Arthur O'Connor is chairman of the Snack Bar Committee and is assisted by Mrs. Melvin Keller, chairman of personnel, Mrs. Quay McCune, food chairman, Mrs. Warren Stone, treasurer, Mrs. Leon Laskaus, secretary, Mrs. T. L. Armstrong, permanent equipment chairman, Miss Mary Craft, uniform chairman.

Assisting these chairmen are Mrs. Albert Eberly, Mrs. John Carter, Mrs. Russell Elliott, Mrs. Hugh Robertson, Mrs. Neil Donovan, Mrs. Joseph Sugerman, Mrs. Margaret H. Lewis, and Mrs. Joseph DeFrees.

Ten U. S. colleges have been designated by the Air Force ROTC to train co-eds as Air Force women officers.

Writer Says There'll Always Be Television Commercials

By CHARLES MERCER
New York, (AP)—Television being a commercial medium, there always will be television commercials.

Grumblings about this fact have largely died away. We now have complaints about the nature of commercials. Nearly every viewer has become a commercial critic.

The commercial script, its actors and actresses, the camera work involved—all are carefully, and often crossly, scrutinized by the great viewing public.

Now comes a missive from a correspondent who expresses a viewpoint which she claims is widely held by her friends. They are, it seems, tired of "multiple casting" of actors for commercials.

Within a brief period they have spotted the same girl (1) advertising peanut butter, (2) smoking as a college co-ed at a house party, and (3) as a nurse bandaging a little girl's finger.

Within a briefer period they have witnessed a grey-haired lady (1) advertising vichyssoise, (2) telling her constipation problems to her family physician, and (3) as-

suring her husband that by golly she's sure going to serve more iced tea.

On the same evening they saw the same fellow acting as a doctor and selling candy. And, worse, that same night they also saw a fellow who used to advertise one brand of cigarettes gushing over an entirely different brand of cigarettes.

The faith of these viewers obviously has been badly shaken. They make no bones about it, they want to believe in the person making the old advertising pitch.

Our correspondent goes on to cite the cases of Betty Furness and Ed Sullivan, both of whom advertise the products of one manufacturer, as examples of what should be the case in all TV advertising.

Well, this complaint does not exactly go to the root of the television industry and come to grips with some of its enormous problems. But it does, perhaps, indicate the beginning of a new era in which the public has finally made a friend of TV commercials.

No complaints are voiced, you'll note, about the frequency or the

content of commercials. The basic complaint is that some viewers want personalized service. They want to believe that there's a good friend, loyal to only one product, there on the screen speaking to them.

Veterans News

QUESTIONS AND ANSWERS

Q—I am a disabled Korea veteran. I want to take vocational rehabilitation training, but I've been told it must be full time. Does that mean I will be prohibited from training?

A—No. Although veterans usually are required to devote full-time to their training, less than full-time training may be permitted if their disabilities prevent them from taking full-time course.

Q—Would it be possible to get a GI business loan to engage in business in a foreign country?

A—No. The business must be located in the United States, its territories or possessions.

Q—I hold a World War II GI term insurance policy. Will I have to take a physical examination in order to convert it to a permanent plan?

A—No. A physical examination is not necessary to convert your term insurance to a permanent plan.

Q—Is flight training allowed under the new War Orphans Education program?

A—Flight training by itself is prohibited. It may be taken, however, if it is part of a standard college course for which credit is given toward a degree.
